Dear Colleagues:

We invite you to consider joining us for our first Toronto based cadaveric course for pelvic surgeons in V Advanced Retroperitoneal Anaotmy & Neuroanatomy of the Pelvis this fall on October 27 and 28.

This theoretical and cadaveric course is designed for both intermediate and advanced laparoscopic gynecologic surgeons and urogynecologists who want to practice and improve their laparoscopic skills and knowledge of retroperitoneal anatomy.

The course will be composed of two full days of combined theoretical lectures on Surgical Anatomy and Pelvic Neuroanatomy with hands on practice of laparoscopic and transvaginal dissection.

Particular attention will be given to the survey of the normal pelvic anatomy, anatomic landmarks, dissection of the avascular retroperitoneal spaces and pelvic vessels, nerves, ureter and pelvic floor muscles. Detailed examination and dissection of pelvic nerves and blood vessels will be demonstrated during the course, with the emphasis on preventing nerves and vascular complications.

We hope to see you this October in Toronto!

Nucelio Lemos and Jonathon Solnik 2018 V ARANP Course Directors

Saturday October 27, 2018

- 7:30 Registration and Breakfast
- 3:00 Opening Remarks & Course Outline Nucelio Lemos & Jonathon Solnik

Theory & Practice

- 8:30 Nerves and Vessels of the Anterior Abdominal Wall and the Landmarks for Safe Trocar Entry Adrian Balica
- 9:00 The Pelvic Vasculature Christian Campian
- 9:30 **The Ureter** Vadim Morozov
- 10:00 Group Discussion
- 10:30 AM Refreshment Break
- 11:00 Pelvic Neuroanatomy and Neurophysiology Nerve Sparing Endometriosis Surgery Nucelio Lemos
- 11:30 Cadaver Lab Program Description and Dissection Demonstration

 Nucelio Lemos
- 12:00 Group Discussion
- 12:30 Lunch

Hands-On Cadaver Lab

- 1:30 Dissection of Lateral Pelvic Sidewall, Ureter, Vessel and Development of the Obturator Space, Identification of Obturator, Sciatic & Pudendal Nerves All Faculty
- 3:00 PM Refreshment Break
- 3:30 Identification of the Sacrospinous and Cardinal Ligaments and the Pelvic Floor Muscles All Faculty
- 5:00 Adjournment

Sunday October 28, 2018

7:30 Breakfast

Theory & Practice

- 8:00 Complications in MIGS: From Recognition to Prevention Jonathon Solnik
- 8:30 The Avascular Spaces of the Pelvis
 Gustavo Fernandes
- 9:00 Pudendal Neuralgia and Other Intrapelvic Neuropathies

Nucelio Lemos

- 9:30 Group Discussion
- 10:00 AM Refreshment Break
- 10:30 Cadaver Lab Program Description and Dissection Demonstration
 Nucelio Lemos

Hands-On Cadaver Lab

11:00 Development of the Presacral Space
Dissection of the Hypogastric Nerves, Presacral
Space, Sacral Nerve Root and the Pelvic
Spanchnic Nerves

and

Development of the Latzko and Okabayashi Space and the Superior and Inferior Hypogastric Plexuses

All Faculty

- 12:30 Lunch
- 1:00 Exploration of the Relationship Between the Pelvic Ligaments and the Hypogatric Plexuses & Development of the Rectovaginal Space All Faculty
- 3:00 Adjournment

Course Objectives

At the conclusion of this activity, the participant will be able to:

- Identify normal anatomic landmarks and major pelvic structures relevant to minimally invasive surgery in gynecology
- Demonstrate the topographic anatomy of the pelvic sidewall, including vasculature and their relation to the ureter, autonomic and somatic nerves and intraperitoneal structures
- 3. Discuss steps of safe laparoscopic dissection of the pelvic ureter
- Distinguish and apply steps of safe and effective pelvic nerve dissection and articulate the landmarks for nerve-sparing surgery

Faculty

Nucelio Lemos (Course Chair)

Associate Professor, Dept. of Obstetrics & Gynecology, University of Toronto

Jonathon Solnik (Course Co-Chair)

Associate Professor, Dept. of Obstetrics & Gynecology, University of Toronto

Adrian Balica

Associate Professor, Dept. Of Obstetrics, Gynecology & Reproductives Sciences, Rutgers Robert Wood Johnson Medical School

New Brunswick, New Jersey

Eugen Christian Campian

Assistant Professor, Dept. Obstetrics, Gynecology & Women's Health, St. Louis University School of Medicine St. Louis, Missouri

Vadim V. Morozov

Minimally Invasive Gynecology, National Center for Advanced Pelvic Surgery MedStar Washington Hospital Centre Washington, DC

Ally Murji

Assistant Professor, Dept. of Obstetrics & Gynecology. University of Toronto

Colleen McDermott

Assistant Professor, Dept. of Obstetrics & Gynecology University of Toronto

Gustavo L. Fernandes

Paulo, Brazil

Staff Member of Gynecology Oncology, Santa Casa Hospital - Sao Paulo, Brazil Staff Member of Neuropelveology, UNIFESP - Sao

Staff Member of neuropelveology team at INCREASING - Sao Paulo/Brazil

Registration

www.mountsinai.on.ca/cme/

Registration Fees (Canadian \$)

Before August 1

After August 1

Physician \$2500 +HST = \$2825.00 \$3000 +HST = \$3390.00

\$1750 +HST = **\$1977.50** \$2250 +HST = **\$2542.50**

Registration fee includes attendance at all lectures, syllabus material, CME credits, breakfast, lunch and coffee breaks. Refunds will not be issued for cancellations received after September 1, 2018. A processing fee of \$100 will be retained on all cancellations

Accommodation

Mount Sinai Hospital / University of Toronto have a negotiated rate for a deluxe room with the Eaton Chelsea Hotel.

NOTE: you will be sent a confirmation email that includes a link so that you can registered online for a hotel room (please note it is NOT a room block but a rate for University of Toronto course participants).

1 (800) 243-5732. Eaton Chelsea Hotel 33 Gerrard St. West www.eatonchelsea.com
