

Obstetrics & Gynaecology
UNIVERSITY OF TORONTO

Request for Proposal

Funding Instrument: Education Seed Grant

Sponsor: Department of Obstetrics and Gynaecology, University of Toronto

Area of Interest: Education Leadership and Innovation Development

Background:

The University of Toronto, Department of Obstetrics and Gynaecology is one of the leading institutions for medical education and training in the field of OBGYN. This excellence has been achieved in part due to the continued evaluation, development and innovation of the undergraduate and postgraduate educational programs.

To maintain this level of excellence, the Department of Obstetrics and Gynaecology will fund one project that aims to develop and pilot a program for education evaluation, faculty development and curriculum development at the hospital sites.

The Department of Obstetrics and Gynaecology at the University of Toronto is Canada's largest and most diverse academic department in the area of Obstetrics and Gynaecology. Represented by 324 faculty members across six University of Toronto fully-affiliated teaching hospitals as well as many community hospitals, it is a leader in research and education. The department trains approximately 250 undergraduate medical students annually and 65 post graduate residents.

Eligibility:

Faculty members of hospitals and research centers affiliated with the University of Toronto, who have the skills, knowledge, and resources necessary to carry out the proposed research as the Program Director(s)/Principal Investigator(s) (PD(s)/PI(s)) is invited to work with his/her organization to develop an application for support.

Budget: \$80,000-\$100,000

Timeline:

Call closing date: January 15, 2016

Project start date: February 1, 2016.

Project duration should be between 12-60 months.

Deliverables

Annual progress and financial reports are due annually on January 31.
