

## **Surgical Foundations: Foundations EPA #9**

### **Supervising junior learners in the clinical setting**

#### Key Features:

- This EPA focuses on the clinical supervision of junior learners, and includes ensuring safe patient care, as well as teaching and providing feedback

#### Assessment plan:

Direct observation by supervisor and junior learners

Use Form 1. Form collects information on:

- Assessor's role: junior learner, senior resident, faculty

Collect 6 observations of achievement

- At least 3 different junior learners
- At least 3 different senior residents or faculty

#### Relevant milestones

- 1 F ME 1.3.1** Apply clinical and biomedical sciences to manage core patient presentations in surgical practice
- 2 F S 1.3.1 Identify the learning needs of a junior learner**
- 3 F S 2.1.1** Identify behaviours associated with positive and negative role-modelling
- 4 F S 2.2.2** Create a positive learning environment
- 5 F S 2.3.1** Identify unsafe clinical situations involving learners and manage them appropriately
- 6 F S 2.3.2 Demonstrate an understanding of the role of appropriate supervision**
- 7 F S 2.4.1** Demonstrate basic skills in teaching others, including peers
- 8 F S 2.4.2** Plan learning activities appropriate to the level of the learner
- 9 F S 2.5.1** Provide written or verbal feedback to other learners, faculty and other members of the team
- 10 F P 3.3.1** Contribute to the assessments for other learners on their clinical rotation
