Friday, June 10, 2016

7:45 A.M. - 8:45 A.M.

Mount Sinai Hospital, 18<sup>th</sup> Floor, Ben Sadowski Auditorium 18 -130.

**Ally Murji MD, MPH, FRCS(C)**

Dr. Murji graduated from the OB/GYN residency program at University of Toronto. He then completed a two-year fellowship in minimally invasive gynecologic surgery at McMaster University. His training focused on advanced laparoscopy/ hysteroscopy, endometriosis and outpatient procedures. He also completed a Masters in Public Health from Harvard University. He has a keen interest in outcomes research and quality improvement. Dr. Murji is assistant professor of Obstetrics & Gynecology at University of Toronto. He is part of the Generalist Division at Mount Sinai Hospital, Toronto.

**EDUCATIONAL OBJECTIVES**

- Discuss the results of recent multi-center research projects at U of T
- Discuss the role of Ulipristal Acetate in the surgical management of fibroids
- Introduce future collaborative research projects across the U of T sites
